The Religious Freedom Protection and Civil Union Act
Effective June 1, 2011

The Religious Freedom Protection and Civil Union Act ("the Act") creates a legal relationship between two persons of the same or opposite sex who form a civil union. The Act provides that the parties to a civil union are entitled to the same legal obligations, responsibilities, protections and benefits that are afforded or recognized by the laws of Illinois to spouses. The law further provides that a party to a civil union shall be included in any definition or use of the terms "spouse," "family," "immediate family," "dependent," "next of kin," and other terms descriptive of spousal relationships as those terms are used throughout Illinois law. This includes the terms "marriage" or "married," or variations thereon. Insurance policies are required to provide identical benefits and protections to both civil unions and marriages. If policies of insurance provide coverage for children, the children of civil unions must also be provided coverage. The Act also requires recognition of civil unions or same sex civil unions or marriages legally entered into in other jurisdictions.

Notice given by or on behalf of a Covered Person to Us, or to Our authorized agent, with information sufficient to identify the Covered Person, shall be notice to Us.

Claim Forms:
When We receive written Claim Notice, We will send claim forms to the claimant. If the claimant does not receive the forms within 15 days after written Claim Notice is sent, the claimant shall be deemed to have complied with the requirements of sending Claim Proof of Loss upon submitting within time fixed in filing the Claim Proof of Loss.

Claim Proof of Loss:
The claimant must send written proof of loss to Us. This proof must be provided within 90 days after the date of the loss. If it is not reasonably possible to give proof in this time, proof must be provided as soon as reasonably possible. Claim proof of loss may not be given more than one year after the time proof is otherwise required, unless the claimant is legally incapacitated.

Payment of Claims:
Benefits payable under this Certificate will be paid immediately after Our receipt of due written Claim Proof of Loss. Any other accrued indemnities unpaid at the Covered Person's death may, at the option of Us, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the Covered Person.

If a claim for benefits is wholly or partly denied, You will be furnished with written notification of the decision. This written notification will:

3) may submit written comments, documents, records and other information relating to the claim.

We will respond in writing with Our final decision on the claim.

We have the right to recover from the Primary Insured any amount that is an overpayment. The Primary Insured has the obligation to refund to Us any such amount.

   c) the Primary Insured's estate;
2) reduce or offset against any future benefits payable to the Primary Insured or his/her survivors until full reimbursement is made;
3) refer the Primary Insured's unpaid balance to a collection agency; and
4) pursue and enforce all legal and equitable rights in court.

PORTABILITY

Portability Benefit:
Portability allows You or Your Dependents to continue coverage under a group portability policy when coverage ends under this Certificate due to a Qualifying Event. If You or Your Dependents qualify for, and elect Portability as stated in this provision, coverage will continue under a group portability policy subject to the Exclusions provision.

The terms, conditions and premium rates of the portability coverage will be governed by the portability policy and may not be the same as those under this group Critical Illness Policy. You and Your Spouse's coverage under the portability policy will not continue past the Primary Insured's attainment of age 80.

Electing Portability:
You may elect Portability if Your Critical Illness insurance ends due to a Qualifying Event. You may also elect Portability for Your Dependent's coverage if Your coverage ends due to Your own Qualifying Event. The Policy must still be in force for Portability to be available.

Your Spouse may elect Portability for him or herself and Your Dependent Children if Your coverage under the Policy ends due to Your death or divorce, if Your Spouse is under age 80 at the time of the Qualifying Event.

To elect Portability, You or Your Spouse if coverage ends due to Your death must:
1) complete a Portability application;
2) submit the application to Us, with the required premium; and

this must be received within 31 days after Critical Illness insurance terminates.

After We verify eligibility for coverage, We will issue a certificate of insurance under a portability policy. The Portability coverage will be:
1) issued without evidence of insurability;
2) issued on one of the forms then being issued by Us for portability; and
3) effective on the day following the date Your or Your Spouse's coverage ends, such that there is no interruption in coverage between the Policy and the portability policy.

Limitations on Portability:
You may apply for portable insurance for each Covered Person's Critical Illness benefits in force under the Policy on the date Your insurance terminates.

Your Spouse may apply for portable insurance for the amount of Spouse Coverage and Dependent Children Coverage in force under the Policy on the date of Your death or divorce.

Your Spouse may apply for portable insurance for a Dependent Child whose insurance has terminated.

In order for Dependent Child(ren) coverage to be continued under this provision, You or Your Spouse must elect to continue coverage due to Your or Your Spouse's own Qualifying Event.

Portability is not available for any amount of Critical Illness insurance for which You or Your Dependents were not eligible and covered. The amount of Critical Illness insurance for each Covered Person under the portability policy will be the same as the benefits shown in the Benefits Schedule that is in force on the day coverage ends under this Certificate, less any benefits in effect that are paid under this Certificate.

In addition, Portability is not available if You or Your Dependents are entering active military service.

GENERAL PROVISIONS

Entire Contract:
The contract between the parties consists of:
1) the Policy and any amendments; and
2) the application of the Policyholder, a copy of which is attached to and made a part of the Policy when issued; and
3) the Certificates, and the endorsements or Riders which are attached to and made a part of the Policy when issued; as may be amended during the term of this Policy; and
4) the individual applications, if any, of each Covered Person.

All statements made by the Policyholder and persons insured under the Policy will be deemed representations and not warranties. No statement will be used in any contest unless it is in writing, signed by the person making it and a copy of it

is given to the person who made it, or, in the event of the death or incapacity of the Covered Person, to the Covered Person's beneficiary or personal representative.

Time Limit on Certain Defenses:
After this Policy has been in force for a period of three years, no statements of the Policyholder contained in the application, and no statement relating to insurability made by any employee eligible for coverage under the Policy shall be used to deny a claim or in contesting the validity of the insurance with respect to which such statement was made after the insurance has been in force prior to the contest for a period of three years during the lifetime of the person with respect to whom any such statement was made.

No claim for loss incurred or disability (as defined in the Certificate) commencing after three years from the effective date of the insurance coverage with respect to which the claim is made shall be reduced or denied on the ground that a disease or physical condition, not excluded from coverage by name or specific description effective on the date of loss, had existed prior to the effective date of the coverage with respect to which the claim is made.

Grace Period:
A Grace Period of 45 days will be granted for the payment of each premium falling due after the first premium, during the Grace Period the Policy shall continue in force.

If the Policyholder gives Us written advance notice of an earlier cancellation date, the Policy will terminate on the earlier date; but no such termination will take effect during any period for which the required premium has been paid to us.

Unpaid Premium:
Upon the payment of a claim, any premium then due and unpaid may be deducted from the claim payment.

Physical Examination and Autopsy:
We have the right to have the Covered Person examined by a Physician approved by Us, as often as reasonably necessary while a claim is pending. We may also have an autopsy done, unless prohibited by law. Any examinations or autopsies that We require will be done at Our expense.

Legal Actions:
No legal action may start:

1) until 60 days after Claim Proof of Loss has been given;
2) more than 3 years after the time Claim Proof of Loss is required to be given.

Misstatement of Age:
If the age of any Covered Person has been misstated:

1) the premium may be adjusted; and
2) the true facts will be used to determine if, and for what amount, coverage should have been in force.

Eligibility Determination:
We, and not Your Employer or plan administrator, have the responsibility to fairly, thoroughly, objectively and timely investigate, evaluate and determine the Covered Person's eligibility for benefits for any claim the Covered Person or the Covered Person's estate make on the Policy. We will:

1) obtain with the Covered Person's cooperation and authorization if required by law, only such information that is necessary to evaluate his/her claim and decide whether to accept or deny his/her claim for benefits. We may obtain this information from the Covered Person's Claim Notice, submitted proofs of loss, statements, or other materials provided by the Covered Person or others on the Covered Person's behalf; or, at Our expense. We may obtain necessary information, or have the Covered Person physically examined when and as often as We may reasonably require while the claim is pending. In addition, and at the Covered Person's option and at his/her expense, the Covered Person may provide Us and We will consider any other information, including but not limited to, reports from a Physician or other expert of the Covered Person's choice. The Covered Person should provide Us with all information that he/she want Us to consider regarding his/her claim;
2) as a part of Our routine operations, We will apply the terms of the Policy for making decisions, including decisions on eligibility, receipt of benefits and claims, or explaining policies, procedures and processes;
3) If We approve the Covered Person's claim, We will review Our decision to approve his/her claim for benefits as often as is reasonably necessary to determine his/her continued eligibility for benefits;
4) if We deny the Covered Person's claim, We will explain in writing to the Covered Person the basis for an adverse determination in accordance with the Policy as described in the provision entitled **Claim Denial**.

In the event We deny the Covered Person's claim for benefits, in whole or in part, he/she can appeal the decision to Us. If the Covered Person chooses to appeal Our decision, the process he/she must follow is set forth in the Policy provision entitled **Claim Appeal**. If the Covered Person does not appeal the decision to Us, then the decision will be Our final decision.

Conformity with State Statutes:
Any provision of the Policy which, on its effective date, conflicts with the statute of the state in which the insured resides on such date is hereby amended to meet the minimum requirements of the statutes.

Time Periods:
All periods begin and end at 12:01 A.M., Standard Time at the place where the Policy is delivered.

Workers' Compensation:
The Policy does not replace Workers' Compensation or affect any requirement for Workers' Compensation coverage.

The most current beneficiary designation in effect under a Prior Policy will be accepted as a beneficiary designation under the Policy until changed (if applicable).

Certain states are community property states. If You live in a community property state and designate someone other than Your Spouse as a beneficiary, state law may require that Your Spouse consent to such designation. If spousal consent to the designation is not obtained, then such designation may not be effective. Community property states as of the Policy Effective Date include: Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington and Wisconsin.

Change of Beneficiary:
The beneficiary may be changed at any time by You or Your assignee (if You assigned this insurance). To make a change, a request should be provided to the Policyholder, plan administrator or to the office/system where beneficiary records for the Policy are kept. If it is not known where the records are kept, then the request may be provided to Us. When received by the Policyholder, plan administrator, office/system where beneficiary records for the Policy are kept or Us, the change will take effect as of the date the request is signed. The change will not apply to any payments or other action taken by Us before the request was received.

The right to change of beneficiary is reserved to You, and the consent of the beneficiary or beneficiaries shall not be requisite to any change in beneficiary, unless the current beneficiary designation is irrevocable.

In all other respects the Certificate remains the same.

NOTICE OF PROTECTION PROVIDED BY
CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association ("the Association"). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage.

Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

Persons Covered
Generally, an individual is covered by the Association if the insurer was a member of the Association ***and*** the individual lives in California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

Amounts of Coverage
The basic coverage protections provided by the Association are as follows.

- **Life Insurance, Annuities and Structured Settlement Annuities**

  For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

  - Life Insurance
    80% of death benefits but not to exceed $300,000
    80% of cash surrender or withdrawal values but not to exceed $100,000

  - Annuities and Structured Settlement Annuities
    80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed $250,000

  The maximum amount of protection provided by the Association to an individual, for ***all*** life insurance, annuities and structured settlement annuities is $300,000, regardless of the number of policies or contracts covering the individual.

- **Health Insurance**

  The maximum amount of protection provided by the Association to an individual, as of July 1, 2016, is $546,741. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer. Changes to this amount will be posted on the Association's website www.califega.org.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state
- Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual
- Employer and association plans, to the extent they are self-funded or uninsured

PHI includes all individually identifiable health information transmitted or maintained by The Hartford and/or its business associates regardless of form (oral, written, electronic).

This Notice applies to PHI obtained through the following coverages only: Senior Medical Insurance Plan, Group Retiree Insurance Plan and Medicare Supplement for Employer Groups, Tricare/CHAMPUS, Prescription Drug coverage, Association Medicare Supplement, Medical Conversion, Long-Term Care and other Medical Products only.

Uses and Disclosures of Your PHI

This section of the Notice explains how The Hartford uses and discloses your PHI with our employees, business associates, and other organizations as required or permitted by law without your authorization. We also require our business associates to protect the privacy of your PHI through written agreements with The Hartford. As explained below, we will request your written authorization in some instances to use or disclose PHI. In the event applicable law, other than HIPAA, prohibits or materially limits our uses and disclosures of PHI as described herein, we will restrict our uses and disclosures of PHI in accordance with this more restrictive law.

***Required Disclosures*.** The use and disclosure of your PHI may be required by the Secretary of the Department of Health and Human Services to investigate and/or determine The Hartford's compliance with HIPAA's privacy regulations.

***Uses and Disclosures Related to Treatment, Payment and Healthcare Operations*.** The Hartford and/or its business associates may use and disclose PHI without your authorization or opportunity to agree or object for activities related to treatment, payment, and healthcare operations. In these instances, The Hartford will not request your authorization to share PHI. As described in the next section titled **Your Privacy Rights**, you have the right to request a restriction on the use and disclosure of your PHI for treatment, payment, or healthcare operations purposes. The Hartford may not use any PHI that is "genetic information" (as defined by the Genetic Information Nondiscrimination Act of 2008) for underwriting purposes. If we use or disclose your protected health information for fundraising activities, we will provide you the choice to opt out of those activities.

Examples of activities related to treatment include: treatment provided by a specialist who asks a primary care physician to share a patient's PHI.

Examples of activities related to payment include: payment of healthcare claims, determinations whether a member is eligible for healthcare coverage, or collection of premiums.

Examples of activities related to healthcare operations include: quality improvement; fraud and abuse prevention and detection; case management and medical review; underwriting; and complaint resolution.

***Uses and Disclosures of Your PHI That Do Not Require Your Authorization or Opportunity to Object*.** Your PHI may be disclosed without your authorization in the following circumstances: when required by law; public health activities; instances involving victims of abuse, neglect, or domestic violence to a government authority, including a social service or protective services agency, as required or permitted by law; governmental health oversight activities (including audits, investigations, and inspections); judicial and administrative proceedings; certain law enforcement purposes; deceased persons to coroners, health examiners, and funeral directors; organ and tissue donation; certain government-approved research purposes; upon reasonable belief to avert a serious threat to health or safety; specialized government functions (such as military personnel, and inmates in correctional facilities); to individuals involved in your care or payment for your care; emergency treatment situations; disaster relief; or workers' compensation.

***Use and Disclosures to Plan Sponsor*.** In some circumstances, The Hartford may also disclose PHI to the sponsor of your group health plan for plan administration functions.

***Use and Disclosure to Contact You Regarding Health-Related Benefits and Services*.** The Hartford or its business associates may also contact you regarding health-related benefits and services that may be of interest to you.

***Uses and Disclosures That Require Your Written Authorization*.** In all other circumstances not described above, uses and disclosures of your PHI will only be made with your written authorization. For example, we will need your authorization for the following circumstances:

- most uses or disclosures of psychotherapy notes;
- marketing communications; and
- disclosures that constitute a sale of PHI.

You may revoke such an authorization at any time, except to the extent The Hartford, its business associates, or other entities have relied on such disclosure.

Your Privacy Rights

This section of the Notice describes your rights as an individual with respect to your PHI and a brief description of how you may exercise these rights.

Right to Restrict Uses and Disclosures for Treatment, Payment and Healthcare Operations Purposes. You have the right to request that we restrict uses and disclosure of your PHI for activities related to treatment, payment and healthcare operations as described above. Your request for the restriction must be in writing. We will evaluate all requests for restrictions, however, we are generally not required to agree to the restriction. In certain circumstances, we may be obligated to honor your request for a restriction on disclosures to another health plan relating to a health care item or service for which you paid in full. If we agree to the restriction, we will abide by it, except in the case of emergency treatment or when required by law. We will terminate our agreement to a restriction if you agree to or request the termination of the restriction. If we decide to terminate our agreement to the restriction, we will notify you of our decision.

 August 2019

If you have paid for a health care item or service out-of-pocket and in full, you may request that we do not disclose to a health plan any PHI related solely to the item or service. We are obligated to honor that request unless we are required by law to make a disclosure.

Right to Request Confidential Communications. You may request that we communicate with you by alternative means or at alternative locations. For example, you may wish to receive communications from us at your work location rather than your home. We will evaluate all such requests, however, we must only accommodate your request if you clearly state that the communication of all or part of your PHI could endanger you.

Right to Inspect and Copy Your PHI. You have a right to access, inspect, and copy your PHI contained in a "designated record set" for as long as The Hartford maintains the PHI in the designated record set. Your right to access your PHI contained in a designated record set extends to any such information that is maintained in an electronic health record or another electronic form. However, you do not have an automatic right to access psychotherapy notes or information compiled in reasonable anticipation of, or for use in, a criminal, civil or administrative action or proceeding. We will act on a request for access within 30 days of receiving your request if the information is maintained and accessible on site or within 60 days otherwise (with a possible 30-day extension). We will provide you with a summary of the PHI requested if you agree in advance to the summary and to the fees imposed.

We may deny your request to access your PHI under certain circumstances. If your request is denied, we will send you a notice that explains our reason for the denial, your review rights (if any), and how to file a complaint with our Privacy Officer or the Secretary of the Department of Health and Human Services. In certain instances we will provide you with an opportunity for a review of the denial. The review decision must be made in a reasonable period of time, and we will send you a written notice of the review decision. We may charge a reasonable fee for access, inspection and/or copying of your PHI. This fee is based on the costs associated with copying, mailing, and summary preparation costs.

Right to Amend Your PHI. You have the right to request that we amend your PHI if you believe the information is incorrect or inaccurate. We may deny your request to amend your PHI if we did not create the PHI, if the information is not part of our records, if the information was not available for inspection, or if the information is accurate and complete. We will respond to your written request to amend your PHI within 60 days of the request (with a possible 30-day extension).

If your request for amendment is granted, we will notify you that the amendment was approved. Upon your identification of relevant persons, we will obtain your agreement to inform them of the change. We will make reasonable efforts to inform and provide the amendment within a reasonable time to persons identified by you and by us, including our business associates.

If your request for the amendment is denied, we will send you a written notice that explains the reason for the denial, your right to submit a written statement of disagreement or to have the request for amendment included with future disclosures, and your right to file a complaint with our Privacy Officer and/or the Secretary of the Department of Health and Human Services.

We may prepare a rebuttal statement to your statement of disagreement. We will provide you with a copy of the rebuttal statement.

Any future disclosures of your PHI will include the statement of disagreement or request for amendment, the denial notice, and the rebuttal or summary of this information.

Right to an Accounting of Disclosures. You have the right to receive an accounting of disclosures of your PHI made by The Hartford during the six years prior to the date of your request. We will act on your request for an accounting of disclosures within 60 days (with a possible 30-day extension).

This accounting of disclosures will not include disclosures made: prior to effective date of HIPAA, April 14, 2003; for treatment, payment, and healthcare operations; to you or your personal representative; pursuant to an authorization; for national security or intelligence purposes, as provided in regulations under HIPAA; to correctional institutions or law enforcement officials, as provided in regulations under HIPAA; incident to a use or disclosure permitted or required by law; and to persons involved in your care (if you were present), you were incapacitated, or for disaster relief purposes.

We will provide you with one free accounting each year. For subsequent requests, we will charge a reasonable fee. The written accounting of disclosures will include the following information for each disclosure: the date of the disclosure, the person to whom the information was disclosed, a brief description of the information disclosed or in lieu of the summary, a copy of the written request for the disclosure.

Right to be Notified Following a Breach. You have a right to notified if there has been a breach involving your unsecured PHI.

Right to a Copy of Notice of Privacy Practices. You have the right to receive a paper copy of this Notice upon request, even if you agreed to receive the Notice electronically.

Complaints. You may file a complaint with The Hartford or the Secretary of the Department of Health and Human Services if you believe your privacy rights have been violated. To file a complaint with The Hartford, contact the Corporate Privacy Office at CorporatePrivacyOffice@thehartford.com. We will not retaliate against you for filing a complaint. If you have any questions about this Notice, or the subjects addressed in it including how to exercise your rights as set forth in this Notice, please contact the Corporate Privacy Office at the email address above or call us at: 860-547-5000.

The Hartford's Duties

The Hartford will abide by the terms of this Notice of Privacy Practices.

The Hartford reserves the right to change its privacy practices and apply the changes to any PHI received or maintained by The Hartford prior to that date. If a privacy practice is materially changed, The Hartford will provide you with a revised Notice of Privacy Practices by mail or any other reasonable method of communication used to process or service your insurance or transactions with us.
