

Group Hospital Insurance

How does it work?

Group Hospital Insurance helps covered employees and their families cope with the financial impacts of a hospitalization. You can receive benefits when you're admitted to the hospital for a covered accident, illness or childbirth.

Why is this coverage so valuable?

- The money is payable directly to you — not to a hospital or care provider. The money can also help you pay the out-of-pocket expenses your medical plan may not cover, such as co-insurance, co-pays and deductibles.
- You get accessible rates when you buy this coverage at work.
- The cost is conveniently deducted from your paycheck.
- The benefits in this plan are compatible with a Health Savings Account (HSA).
- You may take the coverage with you if you leave the company or retire. You'll be billed directly.

Group Hospital Insurance can pay benefits that help you with the costs of a covered hospital visit.

Who can get coverage?

You:	If you're actively at work.
Your spouse:	Can get coverage as long as you have purchased coverage for yourself.
Your children:	Dependent children newborn until their 26th birthday, regardless of marital or student status

Employee must purchase coverage for themselves in order to purchase spouse or child coverage. Employees must be legally authorized to work in the United States and actively working at a U.S. location to receive coverage.
