Benefit Basics

About Your Benefits

Ensign-affiliated companies provide competitive benefits that will enhance the quality of your life and provide the support you need to achieve your personal and professional goals. Since everyone's situation is unique and may change as your life changes, our benefit plans give you the flexibility you need to choose the plans and coverage options that help you live your best life.

Eligibility

Full-time and Part-time Employee Working 32 or More Hours per Week

You are eligible for all health and insurance benefits if you work at least 32 hours per week as a part-time or full-time employee of an Ensign-affiliated company and have completed your benefits waiting period. Your eligible dependents may also be enrolled for coverage under the health and insurance benefits. You can also purchase additional coverage through the voluntary plans.

Part-time Employee Working 30 or 31 Hours per Week

You are eligible for medical coverage and the Health Savings Account (HSA) if you work 30 or 31 hours as a part-time employee of an Ensign-affiliated company and have completed your benefits waiting period. Your eligible dependents may also be enrolled in medical coverage.

Eligible Dependents

You will be required to provide proof of dependent eligibility at the time of enrollment. Eligible dependents for health coverage generally include your:

- **Legal spouse (lawfully wedded spouse):** If your spouse is eligible for group medical coverage outside of our plan (through their employer), you will pay a \$125 surcharge per pay period if you choose to cover your spouse as your dependent on an Ensign Services plan. Common Law Spouse is not an eligible relationship to be covered as a dependent on medical, dental, or vision plans for any state. Domestic Partners may be covered on the fully insured Kaiser and SIMNSA plans.
- **Children:** Eligible dependent children must be under age 26 or any age if they are not able to support themselves due to a physical or mental disability and who became disabled before age 26. An eligible child includes your natural child, adopted child, step child or child for whom you have been appointed legal guardianship by a court of law. Children of a covered legal spouse are also eligible for the BCBS self-funded medical plans. If your domestic partner is covered under Kaiser or SIMNSA, then their children may also be covered.

Download the Workday Mobile App

Perform many of the popular self-service tasks of the Workday desktop application with the convenient and time-saving Workday mobile app.

- Download the **Workday mobile app** on your tablet or phone from the App Store or Google Play.
- Once you have it downloaded, enter **Ensign** as the code and then sign in with your normal **Workday login** (employee ID is your User ID).

Newborns are effective as of the date of birth as long as the dependent is enrolled within 30 days of their date of birth.

When Coverage Begins

Coverage for most benefits begins as follows, provided you enroll by the deadline date described below:

- **Department heads, nurses, licensed therapists, Service Center/Cornet employees:** Your benefits are effective the first day of the month following your date of hire provided you complete enrollment within 30 days following your date of hire. For example, if your date of hire is April 5, your benefits will be effective May 1, provided you enroll by May 5. If you have a status change and become benefit eligible, your benefits are effective the first day of the month following your status change.
- **All others:** Your benefits are effective the first day of the month following 60 days of employment provided you complete enrollment within 30 days following your date of hire. For example, if your date of hire is May 15, your benefits will be effective August 1 provided you enroll by June 14. If you have a status change and become benefit eligible, your benefits are effective the first day of the month following your status change.

Making Changes to Your Benefit Elections During the Year

You can change your benefit elections outside of Open Enrollment only if you have a Qualified Event or Family Status Change, which include:

- Have a baby/adopt a child
- Change in marital status
- Gain/loss of other group coverage, including Medicare/Medicaid
- One of your dependents gains/loses other group coverage, including Medicare/Medicaid
- Employment change that affects your benefits
- Death of a covered dependent

If you have a Qualified Event or Family Status Change and want to make benefit changes during the year:

- **You must make any benefit changes within 30 days of the Qualified Event.**

- Changes must be consistent with the Family Status Change. For example, if you have employee only medical coverage and get married, you may waive coverage or change your medical coverage category to employee + spouse. You may also add your spouse to other coverages. Coverage for a new spouse begins the first of the month following the marriage date. Coverage for a newborn begins on date of birth. You must add your newborn in order for them to continue to be covered.
- You must provide necessary verification documentation for your dependents (proof of loss or gain of other coverage) within 30 days of the qualified event. You may email scanned copies of documentation to benefits@ensignservices.net. Coverage changes go into effect the first of the month after the qualifying event. For example, if coverage ends on August 31, your coverage begins on September 1.
- If you are adding new dependents to your coverage based on a qualifying life event, you must provide necessary documentation to confirm eligibility (such as a marriage or birth certificate) at the time of enrollment. Your elections will not be approved until the necessary documentation is received. You can submit your documentation on the last Workday enrollment screen by uploading them before you submit your enrollment elections in Workday. You can also email your documentation to benefits@ensignservices.net. Be sure to include your name and employee ID number with your submitted documentation.

When Coverage Ends

Medical, dental and vision coverage will end on the last day of the month in which you terminate employment or you become ineligible for benefits. Flexible Spending Account participation as well as life insurance and disability coverage end on the last day of full-time employment.

Enrollment

Enrollment Deadline

You have 30 days following your hire date or status change date to complete your benefits enrollment in Workday, which includes submitting proof of dependent eligibility, such as a marriage license or birth certificate. You will need to upload these documents directly into Workday during enrollment or email the documents to benefits@ensignservices.net before your enrollment deadline.

Medical Plans

Value Copay Plan	This plan exclusively covers you for in-network doctors and facilities and gives you access to Blue High Performance Network (HPN) providers in certain geographic locations based on your zip code. Blue HPN providers are selected based on delivery of quality, affordable care offering savings to Affiliate employees in exchange for a smaller provider network and the lowest paycheck deduction .
Choice HSA Plan	You can see both in-network and out-of-network doctors without a referral, but keep in mind staying in-network for care will almost always be cheaper. To help with your share of costs, the plan comes with a Health Savings Account (HSA) that you can contribute to.
Premier EPO Plan	This plan has a lower deductible and exclusively covers you for in-network doctors and facilities. Except in the case of an emergency, you'll pay the full price for any out-of-network care.
Centivo PCP Partnership Plan (Southern CA, Denver, Dallas, Kansas City, Seattle and Spokane employees only)	This plan exclusively covers you when you stay in the Centivo network. Except in emergencies, you'll pay the full price for any care you receive from a non-Centivo doctor or facility. With this plan, you must choose a primary care doctor who will direct your care and provide referrals.
Kaiser HMO with HSA (CA, CO, OR and WA employees only)	You must live in a Kaiser Permanente service area in one of the following states: California, Colorado, Oregon or Washington. This plan exclusively covers you when you use Kaiser Permanente doctors and facilities. Except in the case of an emergency, you'll pay the full price for any care you receive from a non-Kaiser doctor or facility. To help with your share of costs, this plan gives you the option to participate in a Health Savings Account (HSA).
SIMNSA Baja CA Premier Access HMO (San Diego County employees only)	You must live in San Diego County. This plan exclusively covers you when you access SIMNSA Premier Access HMO providers. The plan covers many health services at 100%. Some services require a small copayment. You are not required to choose a primary care physician to manage your care. Except in the case of an emergency, you'll pay the full price for any care you receive from a non-SIMNSA doctor or facility.

Centivo PCP Partnership Plan Highlights

The Centivo PCP Partnership Plan is a different type of health plan that helps provide high-quality care at lower costs by working directly with local healthcare providers you know and trust. With Centivo, you'll get an affordable health plan that's easy to use.

- This plan offers **FREE** primary care visits and set copays for most other care.
- The core of the PCP Partnership Plan is a relationship between you and your primary care doctor who can help keep you healthier, improve your healthcare experience and keep your costs low.

- Your primary care doctor will refer you to high-quality, in-network specialists, ensuring you'll get the right care for your needs at the best price.
- When you see your primary care doctor first (remember, these visits are FREE!), get referrals for specialty care and see in-network specialists, you'll get predictable copays, so you'll know what you owe before going to the doctor.

Prescription Drug Coverage

All of the medical plans include prescription drug coverage.

Prescription Drugs with a Personify Health Plan or Centivo

Value Copay Plan, Choice HSA Plan, Premier EPO Plan or Centivo PCP Partnership Plan

When you enroll in a medical plan administered by Personify Health (formerly HealthComp) or you enroll in the Centivo PCP Partnership Plan, you automatically receive prescription drug coverage through CerpaxRx. The CerpaxRx pharmacy network includes all national chains and most local pharmacies. The Choice HSA Plan also has out-of-network coverage, but you will save money if you use participating network pharmacies.

Specified Preventive Drugs: Certain generic preventive medications (like birth control) are covered at no cost and not subject to annual deductibles provided certain requirements are met. Some brand name preventive drugs require a \$5 copay. Review the [CerpaxRX preventive drug list](#) for details

Generic Drugs: Generic drugs have the lowest copays and are considered identical to their brand name equivalents by the FDA in terms of efficacy and safety.

Brand Formulary: Drugs on the brand formulary are designated as preferred based on their cost effectiveness and, in some cases, efficacy. If you or your provider choose a brand formulary medication when a generic is available, you'll pay the brand formulary copay plus the difference in cost between the generic and the brand formulary drug.

Brand Non-Formulary: Brand name drugs not on the brand formulary have the highest copays. When you fill a prescription, you can ask the pharmacist whether a generic or brand formulary drug of your medication is available. If you or your provider choose a brand non-formulary medication when a generic is available, you'll pay the brand non-formulary copay plus the difference in cost between the generic and the brand non-formulary drug.

Specialty Drugs: These are high-cost drugs that typically require special handling or administration. You must obtain specialty drugs through a CerpaxRx Specialty pharmacy.

Save Money with Mail Service for Long-term Medications

You can take advantage of mail service rates for a 90-day supply of medicines (100-day supply with Kaiser HMO with HSA) you take on a regular basis for chronic conditions such as high blood pressure, asthma, diabetes or high cholesterol.

Prescription Drugs with the Kaiser HMO with HSA Plan (CA, CO, OR, WA)

When you enroll in the Kaiser HMO with HSA Plan (CA, CO, OR, WA), you automatically receive prescription drug coverage through Kaiser. Many Kaiser Permanente facilities have pharmacies in the building, so you can go there straight after your appointment. You can refill prescriptions in person, online or by phone.

Refill in person: Bring your prescription to a Kaiser pharmacy.

Online: Visit kp.org/rxrefill to order your prescription refills online. You will need to register first at kp.org/registernow.

Phone: Call the pharmacy refill phone number highlighted on your prescription label. Have your medical record number, prescription number, home telephone number, and credit or debit card information handy when you call.

Prescription Drugs with the SIMNSA Baja CA Premier Access HMO

When you enroll in the SIMNSA Baja CA Premier Access HMO, you automatically receive prescription drug coverage through SIMNSA Health Plan. Visit the SIMNSA website at www.simnsa.com for a list of network pharmacies you can use.

Garner Top Provider Network/Health Reimbursement Account Program

If you enroll in the Premier EPO, Choice HSA or Value Copay medical plan, you are eligible to earn a FREE annual Health Reimbursement Account (HRA) incentive. The incentive is “use it or lose it” and is designed to help steer you to high quality providers when you seek care. When you add a Garner Top Provider to your care team on the Garner App prior to your Garner provider visit, you will earn reimbursement dollars to help cover expenses such as your annual deductible, copays and co-insurance.

Annual Health Reimbursement Account (HRA) Incentive		
Plan	Plan Deductible	Annual HRA Incentive Maximum
Premier EPO	\$1,000 Emp Only \$2,000 Family	\$1,000 Emp Only \$2,000 Family
Choice HSA	\$2,000 Emp Only* \$4,000 Family*	\$1,000 Emp Only \$2,000 Family
Value Copay	\$5,000 Emp Only \$10,000 Family	\$1,000 Emp Only \$2,000 Family

*If you are enrolled in the Choice HSA, IRS provisions require that you must meet \$1,650 of your employee only deductible or \$3,300 of your family deductible before qualifying out-of-pocket costs from services by Top Providers can be reimbursed through the HRA.

Here’s How Garner Works

Garner pays your out-of-pocket expenses when you see a Top Provider.

- 1 **Use Garner to find a Top Provider**
- 2 **See the Top Provider**
- 3 **Get reimbursed for eligible out-of-pocket costs**

Do not use your FSA and HRA for the same expenses.

- You can’t use FSA dollars to pay for medical costs that will be reimbursed by Garner.
- Since they are both tax advantaged benefits, the IRS considers this “double dipping”.

To avoid double dipping, use FSA funds on services not covered by the Garner HRA such as over the counter medication, hygiene products and dental/vision needs.

Get Started with Garner

Garner pays your out-of-pocket costs when you see a Top Provider.

- 1 Download the Garner Health app from the App Store or Google Play or scan the QR Code.

Health Savings Account

If you enroll in the Choice HSA Plan or a Kaiser HMO with HSA Plan (CA, CO, OR, WA), you have the option to contribute to a Health Savings Account (HSA). The HSA offers tax savings and can be used to cover medical, pharmacy, dental and vision expenses now or in the future. Unlike money in a Flexible Spending Account (FSA) that you must “use or lose,” the funds in your HSA roll over each year and continue to build. You can use funds as soon as they are deposited, or you can save them to pay for future eligible health expenses, even those you incur after you retire. Your HSA funds are also portable, so if you leave the Company, you can take your account balance with you.

Financial Protection

Flexible Spending Accounts

If you are not already participating in the company's Flexible Spending Accounts (FSAs) for health care and/or dependent care expenses, you may be missing an opportunity for significant tax savings. There are three types of FSAs — a Health Care FSA, Limited Purpose FSA and Dependent Care FSA. You are eligible for the Limited Purpose FSA only if you participate in a Health Savings Account (HSA). All three FSAs let you use pre-tax dollars to pay eligible out-of-pocket expenses not covered by other insurance plans. Annual elections are “use it or lose it” so estimate wisely. Key features of each FSA are highlighted below.

Have Questions About Flexible Spending Accounts?
ALEX can help. Go to <https://start.myalex.com/ensign>.

Type of FSA	Eligible Expenses	Pre-tax Contribution
Health Care FSA	Most medical, dental and vision care expenses that are not covered by your health plan, such as deductibles, copays, eyeglasses and doctor-prescribed over the counter medications.	Up to \$3,300 per year
Limited Purpose FSA	Dental and vision care expenses that are not covered by other insurance plans, such as deductibles, copays and eyeglass expenses that exceed plan limits.	Up to \$3,300 per year
Dependent Care FSA	Dependent care expenses such as daycare, summer camp, after school programs or elder care programs so you and your spouse can work or attend school full-time.	Up to \$5,000 per year (\$2,500 if married and filing separate tax returns)

Health Care FSA

A Health Care FSA gives you a tax break on many expenses that are not reimbursed by any other health plan, such as deductibles, copays, coinsurance, vision expenses, and more. You must enroll each year, as contribution amounts are not carried forward from one year to the next. You can set aside up to \$3,300 each plan year on a pre-tax basis to cover eligible health care expenses.

Limited Purpose Health Care FSA (for use with HSA)

If you participate in an HSA, you can maximize your tax savings by also participating in a Limited Purpose FSA that covers dental and vision expenses only. A Limited Purpose Health Care FSA is a great way to conserve your HSA funds and still benefit from tax savings. You may contribute up to \$3,300 each plan year on a pre-tax basis to cover eligible dental and vision expenses. More information is available on the benefits website at www.ensignbenefits.com.

Dependent Care FSA

The Dependent Care FSA can be used for dependent care and elder care expenses that enable you (or you and your spouse) to work or attend school full-time. Eligible expenses include daycare, preschool programs and after-school care for qualifying children under age 13. They also include elder care or care for qualifying dependents and qualifying relatives of any age who are living with you and not capable of self-care.

The amount you contribute to a Dependent Care FSA cannot be greater than your income or your spouse's income, whichever is less. If your spouse contributes to a Dependent Care FSA through his or her employer, your combined contributions may not exceed \$5,000. If you are married and file separate tax returns, you can contribute up to \$2,500 per year.

Dependent Care FSA Rules

- For expenses to be eligible, they must be incurred because you and your spouse or domestic partner are working
- Children must be under age 13
- Care providers can be anyone except your spouse, a dependent claimed on your tax return, or child under age 19
- Disabled dependents (a child, spouse, or parent) also qualify for reimbursement if they spend at least 8 hours a day in your home
- Eligible dependent care expenses include nursery schools, day camps, licensed day care centers and day care in your home (except if the provider is the child's parent or your child under age 19)

Careful Planning Required

You should plan your FSA contributions carefully. Here's why:

- Use it or lose it. IRS rules require that any money left in a Dependent Care FSA at the end of the plan year must be forfeited.
- Money set aside for health care expenses cannot be used to reimburse dependent daycare expenses and vice-versa.
- Any health care or dependent care expenses that are paid from FSAs cannot be claimed as a deduction or credit when filing your income tax return.
- You cannot stop or change contributions during the year unless you have a qualified status change.
- Once you terminate employment, only expenses incurred before you terminated are eligible for reimbursement for your FSA, unless you elect to continue your Health Care FSA through COBRA.

Life and AD&D Insurance

Basic Life and AD&D Insurance

To protect those who rely on your income for their support, your employer pays the full cost of basic life and accidental death & dismemberment (AD&D) insurance. This coverage is available to all full-time benefit eligible employees of an Ensign Services-affiliated company. The plan is administered by Unum and pays benefits upon your death.

AD&D benefits are paid if your death is the result of a covered accident. If you die from an accidental injury, your beneficiary will receive both the basic life and AD&D benefit. AD&D also pays benefits if you are severely injured and suffer a loss such as the loss of a limb or eyesight.

Coverage	When Payment Is Made	Benefit Amount ^{1, 2}
Basic Life Insurance	If you die from any cause	<ul style="list-style-type: none">• 1X salary up to \$500,000 - Service Center/Cornet/Topside/Executive Directors/Directors of Nursing• \$25,000 all other eligible employees
AD&D Insurance	If you die from an accident the benefit amount is paid in addition to basic life insurance	<ul style="list-style-type: none">• 1X salary up to \$500,000 - Service Center/Cornet/Topside/Executive Directors/Directors of Nursing• \$25,000 all other eligible employees

¹ The benefit amount is reduced after age 65.

² If Basic Life is greater than \$50,000, you can cap your coverage at \$50,000 to avoid imputed income tax.

Valuable Financial Support for Loved Ones

- Covering household expenses
- Relieving debt (e.g. mortgage or student loans you might leave behind)
- Allowing your family members to hire someone if they need help when you are gone
- Leaving an inheritance for your loved ones or even for a favorite organization
- Assisting your family with the cost of your funeral or medical bills

Supplemental Life Insurance

If you need more than basic coverage, you may purchase supplemental life insurance coverage through Unum for yourself and for your eligible dependents. You pay the full cost of supplemental coverage through after-tax payroll deductions. For more information, go to www.ensignbenefits.com/financial-protection/life-and-add-insurance. Coverage options are shown below.

Coverage For	Coverage Amount	Maximum	Guaranteed Issue
Employee	\$10,000 to \$500,000 in \$10,000 increments	Lesser of \$500,000 or 5X annual earnings	\$200,000 if enrolling when first eligible. If you purchase a minimum of \$10,000 when first eligible, you can increase coverage in \$10,000 increments up to \$200,000 during a future Open Enrollment without Evidence of Insurability (EOI). Any elections greater than \$200,000 are subject to EOI.
Spouse	\$5,000 to \$250,000 in \$5,000 increments	Lesser of \$250,000 or 100% of your combined Basic and Supplemental coverage	\$25,000 if enrolling when first eligible. Any new elections or elections greater than \$25,000 are subject to Evidence of Insurability (EOI).
Child(ren)	\$2,000 to \$10,000 in \$2,000 increments	\$10,000	\$10,000

If the amount of the supplemental life insurance you apply for exceeds the Guaranteed Issue amount or if you decline coverage during your initial eligibility period and want to elect coverage or increase coverage at a later date, you are required to complete the Evidence of Insurability process in Workday and must be approved by Unum prior to coverage taking effect.

The Right Amount of Life Insurance

In deciding how much life insurance you need, consider your personal situation, age and whether or not you support a family. If you have limited financial obligations, you may need less life insurance compared to someone who has a mortgage to pay or children to put through college.

Let **Alex** help you decide how much life insurance you need. Go to <https://start.myalex.com/ensign>.

Supplemental AD&D Insurance

You have the option to purchase supplemental AD&D insurance for yourself, your spouse and your children. Benefits are paid in the event of death or a serious injury (such as loss of a limb or eyesight) due to an accident. Evidence of Insurability is not required. You pay the full cost of supplemental AD&D coverage through after-tax payroll deductions. For more information, go to www.ensignbenefits.com/financial-protection/life-and-add-insurance.
